### *Peaceful Retreat*

*left* Like the adjacent closet, the master bathroom boasts custom cabinetry by Phoenix Millworks with antiqued mirror and a chandelier from Crystorama. *opposite* An ottoman from Wesley Hall covered in a blue-and-white leopard print from Cowtan & Tout adds a touch of softness to the master bathroom. The tub is by Victoria & Albert from Ferguson.

# THE NEXT BEST THING

## *Blue Chip*

A Newman Frey coffee table strikes a curvy note while alabaster lamps from Joseph Konrad top the sofa table. Hand-painted Italian crests from Foxglove Antiques & Galleries adorn the walls. The benches are upholstered in a Jasper fabric through Ainsworth-Noah.

### *Tailored Elegance*

*above* An antique chest in the living room is punctuated by a black lamp and Chinese porcelain filled with ilex berries. *left* A guest bedroom reveals a menswear attitude with a plaid upholstered headboard and simple wooden table with roman shades. Stronger color comes from a pillow in a Fermoie fabric through Jerry Pair.

### *Sweet Serenity*

*right* The master bedroom includes matching club chairs and an ottoman and pillows in fabrics from Suzanne Tucker Home through Ainsworth-Noah. The gold Skovde mirror over the mantel is from Acquisitions.

### *Natural Beauty*

The master bedroom's tailored elegance springs from a custom headboard in a Schumacher wool, crisp Gramercy Home bed linens and French wall plaques from Foxglove Antiques & Galleries. The rug is by Stark.
